

Year	Name	Hospital	Title of Presentation
2014	Vincent Wai Kwan CHAN	QMH	Do Diabetic Patients have increased risk of surgical infection after total knee replacement?
2015	Noah Lok Wah SO	QMH	Acute Renal Impairment after Primary Total Knee Replacements: A Retrospective analysis
2016	Vincent Wai Kwan CHAN	QMH	Effect of steroid in local infiltration analgesia in one-stage bilateral total knee arthroplasty. A paired-randomized controlled study
2017	Vincent Wai Kwan CHAN	QMH	Long-term Effect of Steroid in Local Infiltration Analgesia after Total Knee Arthroplasty: A Paired Randomized Controlled Study
	Ellis Lok Fai WONG	AHNH	Lateral Hinge Fracture after Medial Opening Wedge High Tibial Osteotomy: Is Radiography Accurate Enough for its Detection?
2018	Dennis Chan Kit WONG	AHNH	A Novel Mobile App for Decision Making in Knee Preservation Surgery: Reliability between Arthroplasty Nurse, Orthopaedic Trainee and Joint Specialist
2019	Kevin Chi Him FOK	QMH	Change in Failure mode of THR after the Millennium: A 21-Year Retrospective Study of over 300 Revision THRs
2020	Jonathan Patrick Ng	AHNH	Does component axial rotational alignment affect clinical outcomes in Oxford unicompartmental knee arthroplasty?
2021	Brain Lik Hang LEUNG	QMH	Continuous glucose monitoring in total knee arthroplasty with preoperative high dose dexamethasone: A randomized controlled study
2022	Samuel FANG	QMH	Factors affecting successful restrictive kinematic alignment with robotic total knee arthroplasty
2023	Samuel FANG	QMH	The Coronal Plane Alignment of the Knee (CPAK) classification in Chinese patients with knee osteoarthritis
2024	Thomas W.K. LIU	QMH	Acetabular component liner exchange with highly cross-linked polyethylene for wear and osteolysis: DOES FIXATION METHOD MATTER?
