

The Hong Kong Orthopaedic Association e-Newsletter (March 2026)

HKOA
eNewsletter

Dear Fellows, Members and Associated Members,

It is my privilege to write to you in my second year as Honorary Secretary and fourth year serving on the HKOA Council. These years have been deeply meaningful, not only for the professional milestones we have achieved together, but also for the friendships, stories, and shared experiences that make our Association truly special. HKOA has always been about more than meetings and lectures. It is about the people, the journeys we take together, and the fraternity that binds us.

We began 2026 with the HKOA Whisky Workshop on the 10th of February. It was a delightful evening where members explored and tasted a range of whiskies, enriching our appreciation of this remarkable craft. Special thanks go to our speaker, Mr. Rex Tong, Keeper of the Quaich, whose expertise and storytelling guided us through the experience. The evening was not only about whisky, but about fellowship, laughter, and the joy of learning together.

On the 18th of March, we enjoyed the Annual HKOA Golf Day, a tradition that continues to bring members together in a spirit of camaraderie. The day on the course was followed by a cheerful dinner. These social occasions remind us that our Association thrives because of the people who make it vibrant, colleagues who become friends, and friends who become family.

Looking ahead, we have a rich calendar of academic and social events. These gatherings are opportunities to learn, to share, and to celebrate our collective achievements. I warmly encourage all of you to take part, contribute, and continue to make HKOA a community defined by excellence and fraternity.

As we move forward, let us remember that HKOA is not just about science and surgery, but also about the stories we create together, stories of mentorship, collaboration, and resilience. Each event, each conversation, and each shared moment adds to the fabric of our Association. I ask for your continued support and invite you to stay tuned to our website for updates and registration details.

Thank you for being part of this journey. Together, we will continue to build an Association that is strong in knowledge, rich in fellowship, and enduring in spirit.

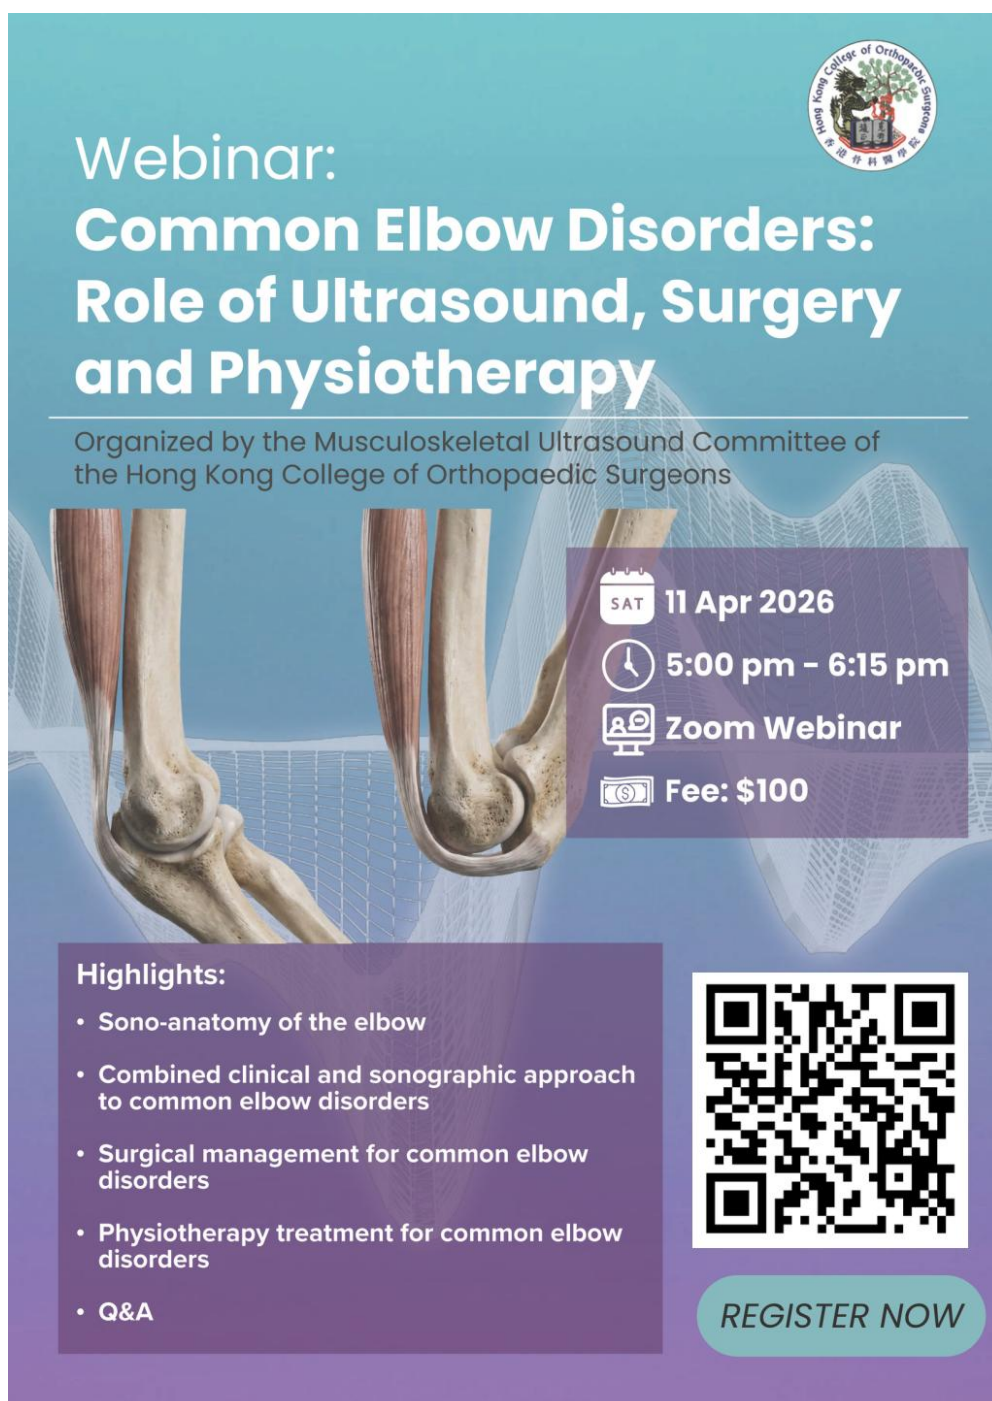

With warm regards,

Dr Keith Wan
Honorary Secretary
Hong Kong Orthopaedic Association

Upcoming Events:

Webinar: Common Elbow Disorders: Role of Ultrasound, Surgery and Physiotherapy

Date: 11 Apr 2026 (Sat)
Time: 5pm – 6:15pm (HK Time)
Format: Online
Fee: HK\$100 per person
Registration <https://forms.office.com/r/RaZMUqNSf1>
Accreditations: CME points are pending

The poster features a teal background with a white grid pattern. At the top right is the logo of the Hong Kong College of Orthopaedic Surgeons. The main title is in large white font. Below the title, it says 'Organized by the Musculoskeletal Ultrasound Committee of the Hong Kong College of Orthopaedic Surgeons'. The central image shows two anatomical illustrations of the elbow joint. A purple box on the right contains event details with icons for date, time, format, and fee. A purple box at the bottom left lists highlights. A QR code is on the bottom right, and a 'REGISTER NOW' button is at the very bottom right.

34th Annual Scientific Congress – Hong Kong College of Cardiology

Date: 5-7 June 2026

Venue: Hong Kong Convention and Exhibition Centre

Registration: <https://hkccasc.com/2026/index.html>

The banner features the Hong Kong College of Cardiology logo on the left, which includes a shield with a caduceus and the text 'HONG KONG' and 'Hong Kong College of Cardiology'. To the right of the logo, the text reads '34th Annual Scientific Congress Hong Kong College of Cardiology 5 - 7 June 2026 Hong Kong Convention and Exhibition Centre'. On the right side, there is a graphic of a heart with a green landscape inside it, and a green arrow pointing left with the text 'Integrating Global Frontiers with Local Patient-Centered Care'. Below the main title, there is a red section header 'Call for Abstracts & Cases'. Under this, there are two columns: 'Themes' and 'Awards'. The 'Themes' column lists various medical topics, and the 'Awards' column lists several award categories. At the bottom, there is a blue box with the submission deadline and notification date, a QR code, and the website URL.
