

The Hong Kong Orthopaedic Association e-Newsletter (April 2025)

HKOA
eNewsletter

Dear Fellows, Members, and Associate Members,

It is with great honour that I introduce myself as the Honorary Secretary of the Hong Kong Orthopaedic Association (HKOA) for this term, marking my second term at the Council. I am deeply grateful for this opportunity and I am excited to continue serving this esteemed community alongside my fellow Council members.

As we embark on this journey together, I kindly seek your support and active participation in the social and academic activities that the Association has planned for the coming year. These initiatives aim to not only strengthen our professional network but also foster knowledge-sharing within our community. Your active engagement is key to the success, and I truly look forward to collaborating with you in making these events meaningful and impactful.

I am also delighted to introduce the revamp of the **HKOA website** (www.hkoa.org). This newly designed platform will feature updated content, an improved layout, and a more user-friendly navigation, all tailored to better serve our members' needs. Our goal is to create a space where you can access valuable resources, stay informed about our activities, and connect with fellow professionals seamlessly. It's something that I believe will greatly enhance our online presence and engagement.

Thank you for your continued dedication and commitment to the HKOA. Together, we can achieve even greater heights for our Association. Should you have any suggestions or feedback, please don't hesitate to reach out to us at secretary@hkoa.org.

Your voice matters, and we are here to listen.

Warmest regards,

Dr Keith Wan
Honorary Secretary,
The Hong Kong Orthopaedic Association
